More About Za

Throughout my entire life, I have always been on the search for 'the best'... I tried it! If it was NEW, IMPROVED or...

Until it became blindingly obvious... as simple as it seems. There are too many reasons to stay the way we are. I prefer to live, rather than react to life.

At A Total Approach I work with you and fitness needs. Nothing I put forward has not been tried and tested by me. My SOLE purpose is to help you achieve your goals using a holistic approach.

Raving Fan

Working with you as a practitioner has been amazing as I know you really have a heart for helping people. Because I highly value personal growth, I am excited to continue to work with you doing emotional & body code healing... I am definitely a raving fan!!!

DESIGNS

In my 10 year tenure, I've learned the hard way how to effectively design for the audience without compromising the vision of those who I create layouts for.

WEBSITES

Flexibility in various theme frameworks. The four samples of Wordpress sites are a mix of Visual Composer, Redux framework, Be Themes (Muffin) and Divi. I've also worked with Instapage, Shopify, Woocommerce, Wix, and Lead Pages, whichever may help get the job done faster.

Below the banner, there is a section titled "LOGICALIS" with a large red "SECURE DNS" graphic and icons representing various security services like 24/7 Protection Everywhere, IoT Devices, and Applications. The footer includes the text "Dear Valued Customer," and "Did you know an estimated 97% of all attacks involve DNS in some capacity!"
